Construction dates and closures are weather-permitting and subject to change. The freeway will remain open during peak commute hours. Signs and detours will be posted to assist motorists. In addition, press releases on closures and updates will be distributed to the media, chambers of commerce and cities within the construction area – as well as posted on the Caltrans website – www.dot.ca.gov/dist07 -- to keep the public informed as work progresses. The California Highway Patrol will assist with traffic management when necessary.

Work will begin near the Orange County line in Buena Park. Construction will then proceed on the northbound I-5 lanes. When work is completed to Washington Boulevard in the city of Commerce, the project will then proceed on the southbound I-5 lanes back to the vicinity of the Orange County line.

Overnight traffic delays are expected to be minimal. Caltrans is aware of nighttime noise during construction and will do everything possible to keep the noise to a minimum.

For additional information on this freeway improvement project, please call the Caltrans Public Affairs office from 8 a.m. to 5 p.m. Monday through Friday at (213) 897-3630 or (213) 897-3656. Caltrans reminds motorists to PLEASE, SLOW FOR THE CONE ZONE.
